Chamfer Length:

0.062 inches

Under Head Length:

2.875 inches

End Application:

Pallet, truck door locking mechanism details

Product Name:

Latch, pin

Special Features:

Drill 1/8 diameter through center of pin

Height:

0.875 inches

Material:

Stainless steel

Material Specification:

Qq-s-763 federal specification single material response

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
