Overall Length:

3.500 inches

Overall Height:

0.620 inches

Overall Width:

0.620 inches

End Application:

Sub atmosphere control

Product Name:

Key, impeller

Material:

Nickel alloy 625

Material Specification:

Astm-b-446, gr1 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
