End Application:

Stator core-exctr

Product Name:

Key, stator core-exctr

Special Features:

Stepped portion has chamfered tip

Material:

Aluminum alloy

Material Specification:

Qq-a-225/8, t6 federal specification single material response

Style Designator:

Stepped

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
