**End Application:**

Stator core-exctr

**Product Name:**

Key, stator core-exctr

**Special Features:**

Stepped portion has chamfered tip

**Material:**

Aluminum alloy

**Material Specification:**

Qq-a-225/8, t6 federal specification single material response

**Style Designator:**

Stepped

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A212a0
