**End Application:**

Door, los angeles class, ssn (688)

**Shear Strength:**

140000 double pounds per square inch

**Product Name:**

Key, bearing

**Special Features:**

Key, stop bolt, carriage bearing

**Material:**

Nickel alloy k-500

**Material Specification:**

Qq-n-286, form 2, anl, hf, ah federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A212a0
