End Application:

Door, los angeles class, ssn (688)

Shear Strength:

140000 double pounds per square inch

Product Name:

Key, bearing

Special Features:

Key, stop bolt, carriage bearing

Material:

Nickel alloy k-500

Material Specification:

Qq-n-286, form 2, anl, hf, ah federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
