**First End Style:**

Square internally threaded

**Pinlength:**

Between 2.030 inches and 2.090 inches

**Pindiameter:**

0.7500 inches

**End Application:**

Nsn 2350-01-390-4683; w/s: recovery vehicle, full tracked

**Product Name:**

Rod, light switch, lever

**Material:**

Steel comp 304

**Material Specification:**

Astm a276 federal specification 1st material response and astm a479 federal specification 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A212a0
