First End Style:

Oval

Under Head Length:

114.5 millimeters

First Step Diameter:

44.3 millimeters

First Step Length:

36.0 millimeters

Second Step Diameter:

76.2 millimeters

Second Step Length:

78.5 millimeters

End Application:

2420-01-532-3399, tractor, wheeled, industrial

Product Name:

Pin stepped, coupler

Surface Treatment Specification:

Manganese iron phosphate per ms-90-1 coarse 0.025mm average thickness on all surfaces. Military standard single treatment response

Style Designator:

Shoulder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
