First End Style:

Square

Overall Length:

9.500 inches

Diameter:

0.250 inches

End Application:

Mk63 mod 2 shield

Second End Relationship With First End:

Identical

Product Name:

Rod, tension

Special Features:

Made for ordalt 71321; item is threaded at both ends .250-20unc-2a; threads are 1.75 inch long at each end; groove is .19 inch in depth in middle of pin and is .50 in width

Material:

Aluminum alloy

Material Specification:

Uns a96061-t6 assn standard single material response

Surface Treatment:

Anodize

Style Designator:

Circular groove

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
