**First End Style:**

Square

**Overall Length:**

9.500 inches

**Diameter:**

0.250 inches

**End Application:**

Mk63 mod 2 shield

**Second End Relationship With First End:**

Identical

**Product Name:**

Rod, tension

**Special Features:**

Made for ordalt 71321; item is threaded at both ends .250-20unc-2a; threads are 1.75 inch long at each end; groove is .19 inch in depth in middle of pin and is .50 in width

**Material:**

Aluminum alloy

**Material Specification:**

Uns a96061-t6 assn standard single material response

**Surface Treatment:**

Anodize

**Style Designator:**

Circular groove

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A212a0
