First End Style:

Round

Second End Style:

Chamfered w/thru hole

Hole Arrangement Style:

Drilled shank threaded pin

First Hole Diameter:

0.125 inches

Distance From Centerline Of Hole To End Of Pin:

0.250 inches

Pinlength:

1.750 inches

Pindiameter:

0.2500 inches

Thready Qty Per Inch (tpi):

20

Second End Relationship With First End:

Not identical

First End Location:

Radius end

Pin Grip Length:

1.437 inches

Product Name:

Clamp rest

Special Features:

Stainless steel material 300 series

Material:

Steel

Thread Series Designator:

Unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
