First End Style:

Radius

Second End Style:

Oval

Pinlength:

1.875 inches

Pindiameter:

0.7340 inches

End Application:

Lhd-8

First End Corner Radius:

0.015 inches

Second End Relationship With First End:

Not identical

Second End Outer Radius:

0.812 inches

Product Name:

Stud connecting rod

Special Features:

Used on at door connecting link, 167-6926163 assembly 23 and 24

Material:

Steel comp 316

Material Specification:

Astm a 276 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
