First End Style:

Radius

Pinlength:

5.500 inches

Pindiameter:

0.3100 inches

End Application:

Gau-17/a, armament subsystem (das)

First End Corner Radius:

0.030 inches

Second End Relationship With First End:

Identical

Product Name:

Retaining lid pin

Special Features:

Pin has 3 holes with a diameter of .125 in. Along it's length, evenly spaced.

Material:

Aluminum alloy 7075

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
