First End Style: Radius Pinlength: 5.500 inches Pindiameter: 0.3100 inches End Application: Gau-17/a, armament subsystem (das)
Pinlength: 5.500 inches Pindiameter: 0.3100 inches End Application:
5.500 inches Pindiameter: 0.3100 inches End Application:
Pindiameter: 0.3100 inches End Application:
0.3100 inches End Application:
End Application:
Gau-17/a, armament subsystem (das)
First End Corner Radius:
0.030 inches
Second End Relationship With First End:
Identical
Product Name:
Retaining lid pin
Special Features:
Pin has 3 holes with a diameter of .125 in. Along it's length, evenly spaced.
Material:
Aluminum alloy 7075
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A212a0
