Pinlength:

6.000 inches

Pindiameter:

0.1872 inches

End Application:

Next generation radar (nexrad)

Product Name:

Shaft, precision

Special Features:

Used on radar data acquisition group (rda); nsn restricted to use by the nws depot team only

Material:

Steel comp 303

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
