First End Style:

Square w/thru hole

Second End Style:

Chamfered

Pinlength:

4.100 inches

Pindiameter:

0.6230 inches

End Application:

B-52 aircraft

Second End Taper Length:

0.060 inches

Second End Relationship With First End:

Not identical

Second End Taper Angle:

45.0 degrees

Special Features:

1st end 0.375 hole x 2.000 deep; 2nd end 0.154 hole perpendicular

Material:

Steel comp 4130

Surface Treatment:

Chromate

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A212a0
