**Overall Length:**

2.031 inches

**End Application:**

U/o 3040-01-372-6134, p/n dl2527262, cylinder assembly, actuating, linear; material aisi 4340 or aisi 4150 or alloy steel 8620 hot finished; surface treatment manganese phosphate iaw dod-p-16232 ty m, cl 1; finish with preservative oil conforming to dwg 1603000

**Product Name:**

Sleeve, latch pin

**Special Features:**

2.00 x 1.66 in, length-2.031, see dwg.

**Material:**

Steel

**Surface Treatment:**

Phosphate

**General Description:**

Largest o.D. 1.062, flanged for mounting, 2.00 x 1.66 inches, 4 holes 0.221 diameter

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
