Overall Length:

2.031 inches

End Application:

U/o 3040-01-372-6134, p/n dl2527262, cylinder assembly, actuating, linear; material aisi 4340 or aisi 4150 or alloy steel 8620 hot finished; surface treatment manganese phosphate iaw dod-p-16232 ty m, cl 1; finish with preservative oil conforming to dwg 1603000

Product Name:

Sleeve, latch pin

Special Features:

2.00 x 1.66 in, length-2.031, see dwg.

Material:

Steel

Surface Treatment:

Phosphate

General Description:

Largest o.D. 1.062, flanged for mounting, 2.00 x 1.66 inches, 4 holes 0.221 diameter

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
