Head Style:

Flat chamfer

Diameter:

0.375 inches

Under Head Length:

1.995 inches

Hole Arrangement Style:

One end drilled

First Hole Diameter:

0.15625 inches

Distance From Centerline Of Hole To End Of Pin:

0.172 inches

Hardness Rating:

80.0 rockwell b

Pin Head Diameter:

Between 0.490 inches and 0.510 inches

Product Name:

Clevis pin

Special Features:

Per cage 2v507 poc jim friedland this item is manufactured by itw shakeproof group 2000 industrial road; iron ridge, wi 53035, phone: 920-261-2652, part number 15-083-001; per customer service at itw shakeproof - they do not have a cage code and this part number is valid

Height:

Between 0.115 inches and 0.130 inches

Material:

Stainless steel

Material Specification:

18-8 stainless steel mfr ref single material response

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
