Head Style:

Flat chamfer

Diameter:

35.0 millimeters

Under Head Length:

172.0 millimeters

End Application:

2355-01-622-7966

Pin Head Diameter:

50.0 millimeters

Chamfer Angle:

45.0 degrees

Product Name:

Hitch pin

Special Features:

Head has a hole at center m6 diameter, 10mm deep. End opposite head has a hole through diameter that is 12mm diameter. This end is also chamfered 1mm x 45 degrees.

Height:

10.0 millimeters

Material:

Steel

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A212a0
