Overall Length:

1.75 inches

Diameter:

0.125 inches

Material Thickness:

0.125 inches

End Application:

Tools

Product Name:

Slotted spring pin

Material:

Steel

Material Specification:

Asme b18.8.2 assn standard single material response

Style Designator:

Slotted

Specification Data:

Asme y14.100-2004 professional/industrial association specification and asme y14.5-2009 professional/industrial association specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
