First End Style:

Square

End Application:

Roller truck

Second End Relationship With First End:

Identical

Special Features:

Each end has three equally-spaced threaded holes through end along length of undetermined length

Material:

Steel

Material Specification:

Astm a193, gr-b7 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A212a0
