Fastener Length:

1.188 inches

Head Style:

Universal

Head Height:

Between 0.080 inches and 0.090 inches

Shank Diameter:

0.188 inches

Shank Style:

Straight w/radius chamfered tip

Head Major Diameter:

0.375 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-430 h13 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
