Fastener Length:
1.125 inches
Head Style:
Universal
Head Height:
Between 0.080 inches and 0.090 inches
Shank Diameter:
0.188 inches
Shank Style:
Countersunk (undrilled)
Head Major Diameter:
Between 0.356 inches and 0.394 inches
Material:
Iron alloy 660
Material Specification:
Ams 5737 assn standard single material response
Specification Data:
96906-ms9403 government standard
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A040a0
