Fastener Length:

0.250 inches

Head Style:

Flat countersunk undercut

Head Height:

0.026 inches

Shank Diameter:

0.094 inches

Shank Style:

Straight w/radius chamfered tip

Head Major Diameter:

0.231 inches

Countersink Angle:

100.0 degrees

Heat Treatment:

T-4 solution heat treated

Material:

Aluminum alloy 2117

Material Specification:

Qq-a-430 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
