Fastener Length:

0.250 inches

Head Style:

Brazier

Head Height:

0.107 inches

Shank Diameter:

0.250 inches

Shank Style:

Straight w/radius chamfered tip

Head Major Diameter:

0.500 inches

End Application:

Used on aircraft, airlifter c-17a

Material:

Aluminum alloy 7050

Material Specification:

Qq-a-430 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
