Fastener Length:

3.500 inches

Head Style:

Brazier

Head Height:

0.133 inches

Shank Diameter:

0.312 inches

Shank Style:

Straight w/radius chamfered tip

Head Major Diameter:

0.625 inches

End Application:

Used on aircraft, airlifter c-17a

Material:

Aluminum alloy 2117

Material Specification:

Qq-a-430 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
