Fastener Length:

0.315 inches

Head Style:

Brazier

Shank Diameter:

0.160 inches

Shank Style:

Split

Product Name:

Shield, expansion

Special Features:

Panel thickness 0.100/0.250; molded in high dielectric nylon; standard sizes available form stock, others will be tooled upon request; end item, disk drive unit

Material:

Plastic polyamide

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
