**Head Style:**

Universal

**Head Height:**

0.080 inches

**Shank Diameter:**

0.250 inches

**Shank Style:**

Self-plugging

**Head Major Diameter:**

0.500 inches

**Expansion Device:**

Break head

**End Application:**

Shop equipment, electrical equipment, trailer mounted; ifte

**Grip Length:**

0.250 inches

**Min. Tensile Strength (psi):**

750 pounds per square inch

**Shear Strength:**

850 single pounds per square inch

**Material:**

Aluminum alloy 7178 sleeve

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A040a0
