Head Style:

Universal

Head Height:

0.080 inches

Shank Diameter:

0.250 inches

Shank Style:

Self-plugging

Head Major Diameter:

0.500 inches

Expansion Device:

Break head

End Application:

Shop equipment, electrical equipment, trailer mounted; ifte

Grip Length:

0.250 inches

Min. Tensile Strength (psi):

750 pounds per square inch

Shear Strength:

850 single pounds per square inch

Material:

Aluminum alloy 7178 sleeve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A040a0
