Fastener Length:

0.665 inches

Head Style:

Oval/truss

Head Height:

0.101 inches

Shank Diameter:

0.187 inches

Shank Style:

Self-plugging

Head Major Diameter:

0.385 inches

Expansion Device:

Expander

End Application:

2320-01-432-4748

Min. Tensile Strength (psi):

850 pounds per square inch

Shear Strength:

1700 single pounds per square inch

Product Name:

Structural head, protruding head blind rivet

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
