Head Style:

Countersunk (tubular)

Shank Style:

Pin rivet, tapered single groove, type 1 end

Features Provided:

Washer

Special Features:

Grip range, 0.188 to 0.250; diameter 0.125; with drive anvil washer

Material:

Steel

Specification Data:

80205-nas1900 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
