End Application:

C-212 transport aircraft

Shear Strength:

655 single newtons per square millimeter

Special Features:

Diameter 0.250 inches. Bk min 0.355 inches. 8 degree maximum undercut. Expander 1.38 alloy steel, washer alloy steel, lock ring a286 stainless, sleeve 5056 aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
