Fastener Length:

1.500 inches

Head Style:

Undersized oval countersunk

Shank Diameter:

0.125 inches

Shank Style:

Straight w/radius chamfered tip

Product Name:

Rivet, solid, 100 deg. Flush shear head, aluminum alloy, titanium columbium alloy

Special Features:

Temper 73 aluminum alloy 7050; raised circle

Material:

Aluminum alloy 7050

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625, type ii, class 1, clear military specification single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0

Mil-std (military Standard):

Mil-a-8625 spec.
