**Fastener Length:**

0.187 inches

**Head Style:**

Brazier

**Shank Diameter:**

0.094 inches

**Shank Style:**

Straight w/radius chamfered tip

**Min. Tensile Strength (psi):**

26000 pounds per square inch

**Material:**

Aluminum alloy 2117

**Material Specification:**

Ms20470 assn standard 1st material response or ms20426 assn standard 2nd material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A040a0
