Head Height:

0.040 inches

Min. Tensile Strength (psi):

325 pounds per square inch

Special Features:

Body diameter 0.125 inch; work hole and drill size 0.160/0.164 inch; grip range 0.031 - 0.062; body length maximum 0.203

Material:

Steel mandrel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A040a0
