Cross Sectional Shape:

Rectangular

Inside Diameter:

4.927 inches

Casehardening Indicator:

Not casehardened

Major Thickness:

0.125 inches

Ring Style:

External

Usage Design:

External

Material Hardness Rating:

Between 45.0 rockwell c and 50.0 rockwell c

Material:

Steel, fed federal standard no. 66 aisi c1066 through c1090 or sae 1070 through 1090

Material:

Steel, fed federal standard no. 66 aisi c1066 through c1090 or sae 1070 through 1090

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
