**Cross Sectional Shape:**

Round

**Casehardening Indicator:**

Not casehardened

**Outside Diameter:**

Between 5.680 inches and 5.920 inches

**End Style:**

Vertex outside periphery

**Ring Style:**

Double leg offset

**Material Diameter:**

0.063 inches

**Usage Design:**

External

**Special Features:**

One end has a groove in curve of end

**Material:**

Steel, qq-w-470

**Material:**

Steel uns k08500

**Material Specification:**

Qq-w-470 federal specification single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T252-g
