Shoulder Diameter:

0.404 inches

Flange Diameter:

0.750 inches

Hole Type:

Threaded

Flange Thickness:

0.025 inches

Insert Style:

Protruding flange

Special Features:

0.312 in. Lg

Material:

Aluminum alloy 6061

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625 type 1 military specification single treatment response

Thread Size And Series/type Designator:

0.250-28 unjf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400

Mil-std (military Standard):

Mil-a-8625 spec.
