Cross Sectional Shape:

Round

Inside Diameter:

Between 1.270 inches and 1.300 inches

Casehardening Indicator:

Not casehardened

Outside Diameter:

Between 1.388 inches and 1.418 inches

End Style:

Vertex below center

Ring Style:

Hooked wire

Material Diameter:

0.059 inches

Usage Design:

Internal

Material:

Steel, qq-w-470

Material:

Steel uns k08500

Material Specification:

Qq-w-470 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
