Shoulder Diameter:

0.309 inches

Flange Diameter:

0.625 inches

Material Accommodated Thickness:

0.250 inches

Hole Type:

Plain

Features Provided:

Grommet

Flange Thickness:

0.023 inches

Insert Style:

Protruding flange

Hole Diameter:

0.194 inches

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6 t4 federal specification single material response

Surface Treatment:

Anodize

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
