Shoulder Diameter:

0.631 inches

Flange Diameter:

0.875 inches

Hole Type:

Threaded

Features Provided:

Grommet

Flange Thickness:

0.023 inches

Insert Style:

Protruding flange

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-225/6, t4 federal specification single material response

Surface Treatment:

Chromate

Thread Size And Series/type Designator:

0.312-24 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
