Cross Sectional Shape:

Rectangular

Inside Diameter:

0.122 inches

Casehardening Indicator:

Not casehardened

Major Thickness:

0.015 inches

Ring Style:

E bowed

Usage Design:

External

Material Hardness Rating:

34.0 rockwell c

End Play Takeup:

0.013 centimeters

Material:

Beryllium copper, the beryllium corp, berlco 25, no type designator

Material:

Beryllium copper, the beryllium corp, berlco 25, no type designator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
