Cross Sectional Shape:

Grooved inside corner

Casehardening Indicator:

Not casehardened

Outside Diameter:

5.300 inches

Minor Thickness:

0.040 inches

Major Thickness:

0.280 inches

Ring Style:

Double leg offset

End Application:

Used on m12000888 ablchz

Usage Design:

External

Material:

Steel, ams 6381, comp 4140

Material:

Steel comp 4140

Material Specification:

Ams 6381, comp 4140 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T252-g
