Flange Diameter:

Between 0.365 inches and 0.385 inches

Length:

Between 0.440 inches and 0.460 inches

Insert Size:

0.245 in. Min, 0.265 in. Maximum od

Features Provided:

Individually keyed

Special Features:

Dry film lubricant finish

Material:

Steel comp 304

Material Specification:

Aisi assn standard single material response

Style Designator:

Serrated

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03100
