Hole Diameter:

Between 0.190 inches and 0.200 inches

Groove Width:

Between 0.028 inches and 0.038 inches

Overall Height:

0.233 inches

Large Flange Outside Diameter:

0.700 inches

Grommet Construction Type:

Solid

Color:

Any acceptable

Material:

Plastic polytetrafluoroethylene

Material Specification:

Ams 3651 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A05400
