Cross Sectional Shape:

Round

Casehardening Indicator:

Not casehardened

End Style:

D shape above inside periphery

Ring Style:

Straight gap

Usage Design:

Internal

Material:

Steel, jdma 15-8, john deere and co or steel, astm a229

Material:

Steel, jdma 15-8, john deere and co or steel comp 1065 or steel uns k07001

Material Specification:

Astm a229 assn standard 2nd material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T252-g
