**End Application:**

2in ball sea vl

**Usage Design:**

External

**Criticality Code Justification:**

Zzzy

**Material:**

Nickel-copper alloy, qq-n-281, class a

**Material:**

Nickel alloy 400

**Material Specification:**

Qq-n-281, class a federal specification single material response

**Reference Number Differentiating Characteristics:**

Quality control iaw navships 0948-045-7010 material identification and control instrucion for level 1 items

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T252-g
