Inside Diameter:

Between 1.970 inches and 1.990 inches

Casehardening Indicator:

Casehardened

Outside Diameter:

Between 2.4318 inches and 2.4394 inches

Ring Style:

Angular cap

Material Hardness Rating:

Between 34.0 rockwell c and 40.0 rockwell c

Material:

Steel, ams 6415

Material:

Steel comp 4340

Material Specification:

Ams 6415 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T252-g
