Hole Type:

Threaded

Flange Thickness:

0.100 inches

Body Diameter:

0.250 inches

Special Features:

With baseplate, barrel assembly and adhesive strip

Material:

Plastic polyamide barrel

Material Specification:

Astm d4066 assn standard single material response barrel

Thread Size And Series/type Designator:

0.190-32 unf

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A05400
